**JANAK**<sup>®</sup>  
Because we care.

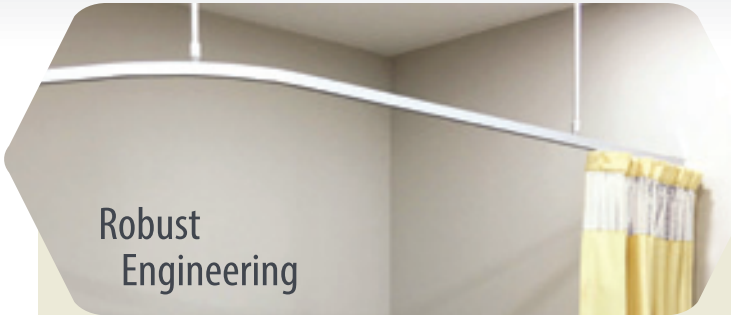

## PRIVACY ENLIVENED

Patients prefer healthcare delivery in a privileged yet comfortable environment. We understand this need better and hence our elegant curtain range is carefully crafted to compliment the clinical space yet personalized with different colors, patterns and channel layouts. Our water repellent and anti-microbial Curtains ensure better infection control. The strong architecture backed with a prompt service support ensures trouble free operation and peace of mind.

# ICU Solutions

## Robust Engineering

### Non-Corrosive Levelled Channels

- Extruded from super grade Aluminum
- Continuous tracks with no joints
- Premium quality powder coating
- Tracks: 25.58mm x 16.5mm x 1.5mm
- Suspender: 12.5mm (diameter) 1.5mm (thickness)

### Durable Interfaces

- Molded high quality Nylon Bush, Brackets and Hooks
- Roller wheels for seamless travel of curtains
- Extra hooks provided as buffers

### Unique Curtain removal point

- Curtains and hooks can be changed or added without need to open the entire channel

### Easy Installation and Maintenance

- Fleet of factory trained service team is oriented for cross agency coordination, swift installation and prompt maintenance

## Premium Quality Curtains

### Functional and Elegant

- Polyester based netted curtains
- Medicated and liquid repellent
- Nett at the top promotes ventilation and minimizes claustrophobia while protecting privacy
- Added weight at the bottom prevents curtain swing and improves privacy
- Available in various colours and patterns for enliven interiors

### Crafted to the individual needs

- Strong stitching
- Length As per the layouts
- Ask for customized dimensions

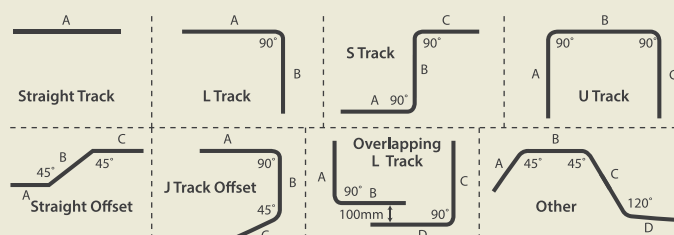

## Mesh

The square shaped equal and seamless mesh are specially sized to match the size of any required track configuration. The fabric portion is made up of equally sized square panels when they are attached to the mesh which also ensures long durability.

## Track Types

We provide straight track, L track, S track, U track, straight offset, J track offset, overlapping L track & other customized tracks to suit specific requirements.
